Nomination of nodal Officer for maintaining a separate Register for V.I.Ps and also details of their telephone calls.

Sir,

The House Committee on Ethics, in their Report for 2011-12, has recommended to issue necessary instructions to all Departments / Heads of the Departments and their sub-ordinate offices to appoint a nodal officer in each office to maintain a separate Register for communications relating to V.I.Ps and also details of their telephone calls.

This recommendation has been accepted by the Government for implementation.

In this regard, I bring to your kind attention to para 5.1 and 5.2 of the Book Circular-47 which states that "a separate Diary Register should be maintained in each Department of the Secretariat and in each sub-ordinate offices to facilitate locating the letters received from the Members directly or sent by the Chief Minister, Deputy Chief Minister, Ministers, Ministers of State or Deputy Ministers"

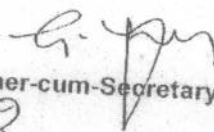

Similarly, to keep a special watch on speedy disposal, each section will maintain a separate register and mark it out prominently those communications finally disposed of by rounding off the serial numbers in red ink.

The copy of the format of the Register prescribed by the Government of India, Ministry of Labour Employment in their Office Memorandum No. 34011/06/07-IWSU dated 10.07.2007 is enclosed for your reference.

In view of the above stated guidelines enunciated in Book Circular-47 and recommendation of the Ethics Committee, it is requested to nominate a nodal Officer in your Department, who will be responsible for maintaining a separate register (as per the prescribed format) and to take necessary action as per the Circular. Besides, it is also requested to issue instructions to all your sub-ordinate offices to nominate nodal officer in each office to act as per the recommendation and Book Circular -47.

The action taken report may be sent to this Department for furnishing compliance to the House Committee on Ethics.

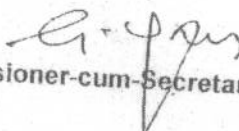

Yours faithfully,

Commissioner-cum-Secretary to Government
